**DETAILED ACTION**  
***Election/Restrictions***

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-6, 9, 17-19, drawn to a noodle product.

Group II, claim(s) 7 and 8, drawn to a method of making a noodle product.

Group III, claim(s) 10-16 and 20, drawn to a packaged noodle product.

The inventions listed as Groups I, II, and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features. The groups do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, the corresponding feature, a noodle, is not a special technical features. The Groups I and II, and Groups II and III do not have a corresponding special technical feature. The special technical feature of Group I is a tea bag containing the ingredients as in the noodle product. Neither Group II nor Group III require this special technical feature of a tea bag containing the ingredients. The special technical feature of Group II is kneading, cutting, steaming, shaping, cooling, and drying noodle material. Neither Group I nor Group III require this special technical feature of a kneading, cutting, steaming, shaping, cooling, and drying noodle material. The special technical feature of Group III is a divided package. Neither Group I nor Group II requires this special technical feature of a divided package.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
